January 2016

A GOAL FOR THE NEW YEAR AND BEYOND!

The library is joining with the 1,000 Books Foundation to encourage parents to read 1,000 books to their children before Kindergarten. Reading just one book per night achieves the goal in three years, so it's very easy to do.

If you would like to accept the challenge, please sign up at the Children's Desk and track books through the 1,000 Books app available for iPhone or Android devices. Simply scan the book into the app! Paper logs are available at the Children's Desk, but since they are easily lost or damaged, and this is a long-term project, using the app is highly recommended.

Recognition, prizes, and invitations to special events will be offered to participants, so sign up any Pre-K baby, toddler, or preschooler and get started today!

Some classes have age limits and some require registration. Please check program details.

Game Design with GameMaker: Studio

January 19 & 28 from 6 to 8 pm

Learn all about game design and build your own games using Game Maker, a free software. Using visual drag and drop programming. Space is limited so please register on the library website. Ages 10+

Blender Basics

Saturday, January 16 & 30 from 2 to 4 pm

This course will demonstrate how to maneuver and manipulate in a 3D environment. Students will learn basic 3D modeling skills that can easily be applied to other 3D modeling programs. The students will be tasked to construct various objects. Please only register for one of the posted Blender sessions at a time. This class is for students aged 12 and up.

CAD with 123D Design

Mondays from 6 to 8 pm

Learn how to create 3D objects using Autodesk 123D Design. Spaces are limited so please register online by clicking "Program Registration" from the library's homepage. Ages 12+

Tech Dissect

Sunday, January 17 from 3 to 5 pm

Create It will be open for students ages 10 and up to take apart various technology and electronics to see what's inside. This is a come and go event so drop in for a little while or stay the whole time. Ages 10 and up. No registration needed.

3D Printing Now Available at the Library

Create It, funded by the Friends of the Library, has added its second 3D printer! Come check out our new Lulzbot Taz 5 printer. The addition of this new 3D printer has enabled us to cut the waiting queue times in half, so your prints can be finished quicker than ever!

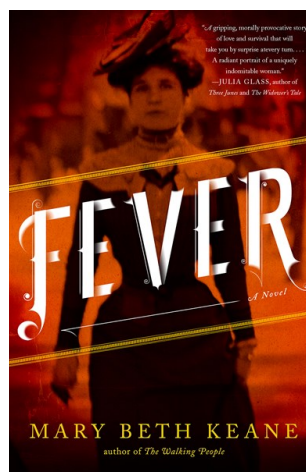

For more information, please call 817-410-3407, email createit@grapevinetexas.gov, or check library.grapevinetexas.gov.

Entwined Minds Book Club

Monday, January 11 at 1 pm

All interested readers are invited to Entwined Minds Book Club. The book for discussion this month is *Fever* by Mary Beth Keane. On the eve of the twentieth century, Mary Mallon emigrated from Ireland at age fifteen to make her way in New York City. Canny and enterprising, she worked her way to the kitchen, and discovered in herself the true talent of a chef. Then one determined "medical engineer" noticed that she left a trail of disease wherever she cooked, and identified her as an "asymptomatic carrier" of Typhoid Fever.
